COVER
LETTER

Hi there,

I am Manjunath, a UX Consultant with a decade of industry prowess, and I am thrilled to extend my interest in this position. I'm excited about the prospect of contributing my expertise to your team.

Currently located in Heilbronn, Germany, I've honed my skills in crafting user-friendly digital products that bridge user satisfaction with business goals. I've worked across diverse sectors like fintech, aviation, medical, real estate, and sports, collaborating with clients worldwide. This rich tapestry of experiences has not only enriched my design acumen but has also cultivated my versatility and knack for harmonious collaboration within cross-functional teams.

On top of my design background, I've got substantial leadership experience. Over the past five years, I've been making important design choices and guiding teams in various product companies and agencies. I'm especially proud of my time leading a 30-person design team at India's largest design agency. These opportunities have helped me become skilled at working with people and being an effective leader.

Outside of work, I'm a movie enthusiast and tech aficionado who enjoys connecting with people. My sense of humor and calm demeanor under pressure serve me well.

Feel free to explore my portfolio at www.manjunathbhat.com for insights into my work.

Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to success of the company.

Have a great day,
Manjunath
